

KECO 400BV

KECO Coatings

KECO 400BV Thermal Barrier coating is designed for both metal and non metal substrates. This coating will withstand extreme temperatures up to 1600° F without discoloring. KECO 400BV provides excellent protection against corrosive environments and thermal shock. This coating is meant to last and will maintain excellent adhesion even after several thermal cycles.

KECO 400BV is VOC-exempt, and cures at room temperature.

EXAMPLE APPLICATIONS

- Exhausts
- Pistons
- High Temp Systems

PROPERTIES

COLOR	Black and silver
THICKNESS	1.0 mil
HEAT RESISTANCE	Up to 1600° F
